

Please don't do away with FM translators! My family and I Love to listen to K-LOVE. It's one of the best stations promoting wholesome family values!!! It's the only station my wife and I will listen to! Our community needs a positive influence like K-LOVE! The radio station encourages people to not be selfish but to be kind to one another. Like helping the community by giving to organisations like "Food for the Hungry", your local Church, etc. So please keep K-LOVE on the air!!!!!!!!!! Thank You Brian Hutchison
